Family Day

Wednesday August 19, 2020

IT IS TIME FOR ME TO TELL MY STORY!

Of all the millions of people in the world, no two stories are the same. Our personal experience is what counts.

From my earliest vivid memories to my words today, happy songs from my childhood, to stories told to me by my parents, grand-parents, aunts, uncles and friends; my teen years with family and friends; responsibilities of adulthood and now living in Canada. It is time to document my incredible journey.

This family day, don't miss a great opportunity! We have put together a wonderful program to have our Hakka youth work with older members to document their personal stories for their individual families. There is a small donation to Tsung Tsin for preparing the document.

To help you get started, we have put together some talking points for the occasion.
